Consistently one of the highest rated courses available, participants state they come away with an achievable action plan.

**Which description fits your career transition?**

**A Technical Expert / Prospective manager**

who wants to know what to expect and how to prepare to manage others.

**A Newly Appointed manager** seeking to make a smooth, successful transition.

**An Experienced manager** who is seeking to renew skills, test theories and simply *“see if you're doing it right!”*

- Learn to “Think Like a Manager”
- Develop skills to make better decisions
- Improve your communicating and influencing ability
- Discover what it takes to join a new team or group
- Test your management and motivation strategies
- Embrace the role of leader
- Explore the value of teamwork and effective meetings
- Encourage performance and innovation in others

***Learn to effectively manage your time, your team, your boss, your peers***
